Make a Louis Puppet

A paper bag puppet of Pete's best friend | Ages 4-8

What you need

- A paper lunch bag
- The pieces on page 2, coloured and cut out
- Glue stick and child-safe scissors
- Something fluffy for fur if you have it - cotton wool works well

How to make it

1. Colour Louis's face pieces on page 2. Louis is a fluffy cream colour.
2. Cut out each piece.
   Grown-up job
3. Lay the paper bag flat with the folded bottom facing up. That flap is the head.
4. Glue the face onto the flap, then the ears on top and the mouth underneath.
5. Slide your hand inside and make the flap talk. What does Louis say to Pete?

Play idea

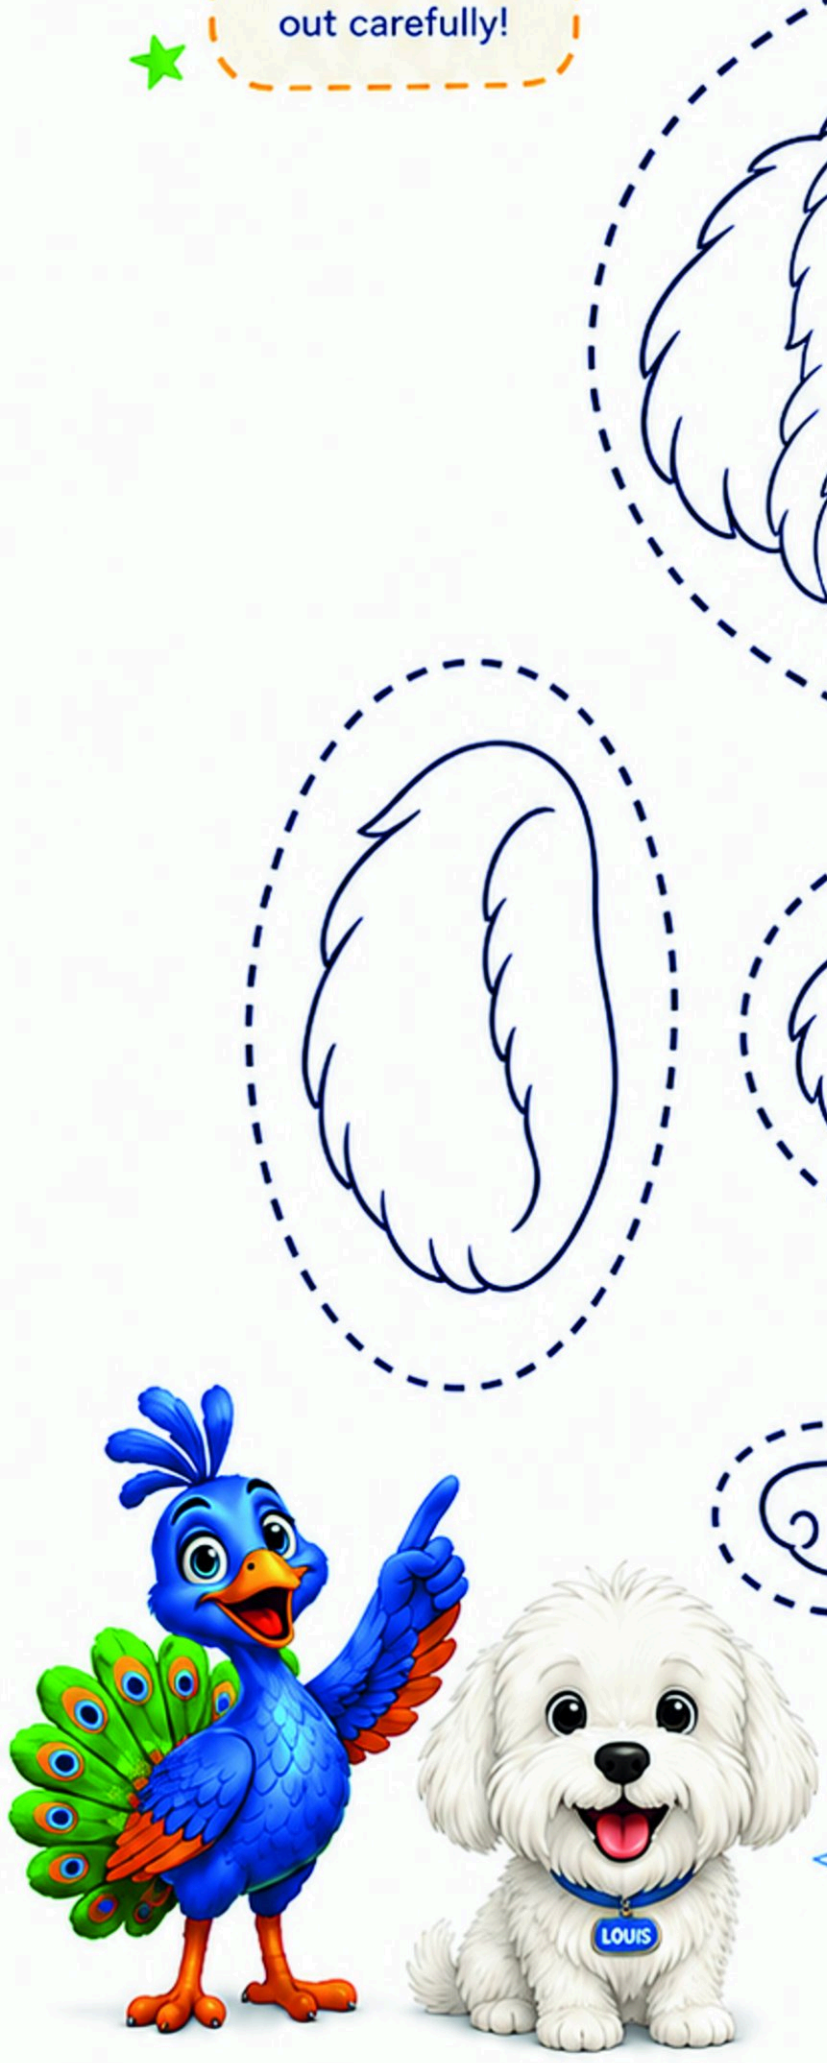

Make a Pete puppet too, using the feather template from the crown craft. Now you can act out your favourite part of the story.

Puppet Pieces

Colour, then cut along the dotted lines

Colour your puppet pieces, then cut them out carefully!

Great job! Now bring Louis to life!

Cut out every shape. The eyes are already on the head – just colour them in.
