Being Brave

A story about courage | Ages 4–8

Pete's Brave Decision

When a raging bushfire threatens the farm, Pete must choose between flying to safety or helping his friends. With Louis, Boris and the clever cats, he leads a daring escape and learns that true courage means caring for others.

Let's Talk About It

1. **Pete could have flown away by himself. Why do you think he stayed?**

2. **Being brave does not mean you are not scared. How do you think Pete felt?**

3. **Who helps keep you safe when something frightening happens?**

4. **Tell about a time you were brave, even a small time.**

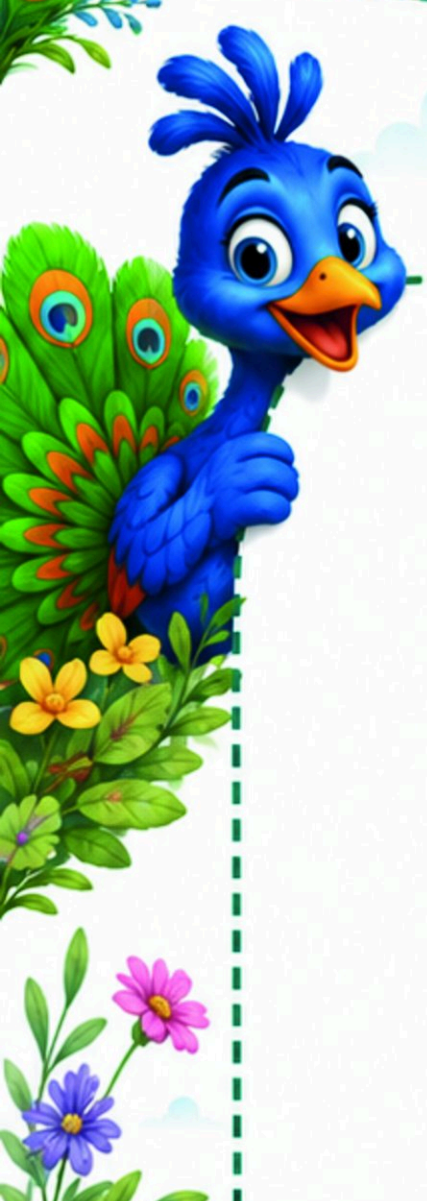

For the grown-up

Children often think brave means unafraid. Naming Pete's fear alongside his choice shows courage as something you do while frightened, which is far more useful to a four-year-old.
