Better Together

A story about teamwork | Ages 4-8

Santa's Outback Rescue

Santa's sleigh crash-lands in the Australian Outback, and Pete and Louis set out to help. Across red dunes and a crocodile-infested gorge, they find courage and discover the magic of teamwork while saving Christmas.

Let's Talk About It

1. **What could Pete and Louis do together that neither could do alone?**

2. **Everyone is good at something different. What is each of them good at?**

3. **What are you good at that could help a team?**

4. **Tell about something you finished because somebody helped you.**

For the grown-up

Teamwork lands better when children name their own contribution. Let them answer the third question before you offer suggestions.
